Flagler Sportfishing Club Announces Catch, Photo & Release (CPR) Tournament

Palm Coast, FL – The Flagler Sportfishing Club is pleased to announce the creation of a Catch, Photo & Release (CPR) Tournament to advance the efforts toward preserving our fish habitat in Flagler County. The CPR Tournament will run for a Calendar year and the more fish submitted and released alive will increase the chances for the angler to win the big prize drawing at the conclusion. The Tournament starts January 1, 2021 and runs through December 31, 2021. All catches must follow FWC Rules and must be submitted through the Club's application and by using the Club's Bump Board/measuring device. A picture of the catch is submitted through this same application.

“This is a huge step for our club and in the process will help create an environment of conservation, by releasing fish back to their environment increasing the population of any species. The Club's anglers have noticed a decrease in the fish population of multiple species through the years and our Club is going to do our part in solving this problem,” said Club President, Chris Christian.

The club has over 500 family members that participate in 12 fishing tournaments a year and all are free to its members.

For more information about the club, visit them online at www.flaglersportfishing.com or on Facebook at <https://www.facebook.com/flaglerflorida/>.

About Flagler Sportfishing Club

Flagler Sportfishing Club is one of the largest fishing clubs in North Florida with over 500 member families actively participating in club events. The club represents members from six counties in and around Flagler County. The club supports inshore, near shore, offshore, kayak, pier/bridge and surf fishing, with the help of our many local sponsors, through both education and tournaments for all family members. The Club hosts 12 Free Club Tournaments throughout the year and one Public Annual Charity Tournament, with two Kids clinics and two new members' clinics yearly. FSC is about fishing and learning as a beginner or learning advanced techniques to accomplish the great sport of fishing.
