FROM THE HELM

March 2018

By Captain Chuck Gleichmann, President

I just finished cleaning up after the Black and Red Tournament to sit down and write this so the tournament is still fresh in my mind. While Pat and I didn't place, it was great getting back on the water and visiting with club members. If you missed the tournament and weigh in, you missed a great event. It was a beautiful day to fish, we had a super turn out, some nice fish were caught and a bunch of people went home with some cash and prizes. There was a pretty large group of new members present and it was good to get a chance to meet them as well. All in all, it was a pretty good day.

March is a pretty big month for us. Look for information on the "Count the Spots Tournament", New and Old Member Clinic, Swap n Shop and Year Long Tournament winner presentations and special guest speakers. Please make sure you take advantage of all of the activities offered this month.

On the business side, annual membership renewal is just around the corner and in a small step forward we will now accept credit cards at the meetings for purchases, including renewals.

Elections are coming up as well and the only office up for re-election this year is treasurer, so if anyone is interested in learning more about this position, please see me or call me at your convenience.

Work on the spring charity tournament is progressing and the tournament directors can use some help. This tournament will benefit DAV (Disabled American Veterans) of Flagler and Volusia Counties and all of the money raised stays in our community. Check with Chuck Radloff, Mike Crotts or Bill May to lend a hand.

Finally, we are waiting for High Bridge to re-open as a weigh station. In the mean time I have a scale, so anyone needing to weigh in, in Volusia, give me a call on my cell, 407-257-8233.

Let's go fishing!

March Fishing Forecast

Capt. Jim Britton

saltytalesfishingcharters.com

It has been several years, but we finally had a true winter. This should have a positive effect on our spring time fishery from inshore to the beaches and out to the deep water offshore. And while we did lose some tarpon and snook in the southern areas reports are looking good already.

Inshore, we are starting to get reports of the beginnings of what promises to be a busy snook and tarpon bite .

These reports are coming from southern Flagler county and northern Volusia county and are indicating that both soft plastics and suspending baits will do the trick. Trout can be targeted with your favorite soft plastic on a ¼ ounce jig head or by using live bait under docks and in deeper drop-offs. Redfish should start to actively roam around more as water temperatures rise. Therefore, targeting redfish around oyster bars with live or cut bait should make for an active trip on the water. Gold spoons and top water baits should

work well also. During March, anglers will still be able to target keeper size black drum and sheepshead. Look for these fish in deeper holes and around structure. Your bait of choice should be either shrimp or fiddler crabs on a jig head or a fish finder rig.

Reports from Matanzas bridge and some local piers, during February, were of mostly black drum and sheepshead. March should provide a more consistent bite from the bridges and the surf, with whiting, pompano, and blue fish showing up in numbers. Brined shrimp or clams, fresh shrimp, sand fleas, or Fishbites artificial bait on your favorite surf rig should yield a nice fish dinner!

Offshore reports from the ledge have anglers finding good numbers of wahoo either trolling bait over live bottom or high-speed trolling. Blackfin tuna are being caught on darker color lures and ballyhoo as well. Offshore anglers who visit some favorite bottom numbers should be on the lookout for large cobia roaming structure. To hook up these curious creatures live bait, cut bait or artificial eels will all do the trick.

Free New and Old Members Clinic**See Flyer on Page 3 for Schedule of Speakers**

Our March 24, 2018 Clinic will be held at the Hammock Community Center on Mala Compra Rd. (opposite Bings Landing). If you are interested in fishing our local waters and learning "how to" come to the Clinic and listen to our captains and other very experienced speakers.

The program starts at 8:00 a.m. with coffee, donuts, and water available. At the lunch break, we will have sandwiches and ice tea.

This is a Club event you do not want to miss. It is open to all members, non-members, wives, significant others and kids. Bring a friend.

Fishing in our local waters, flats or nearshore, is different than fishing in the north. The species are different as are the methods used to catch them. So, come on to the Clinic. Bring something to take notes with, and you may want to bring a chair or come early to be sure of a seat.

There will be a raffle for a \$150.00 Penn rod and reel and a filet knife. And a 50/50 to end the program.

There will be a sign-up sheet at our March 6th Monthly Meeting at the VFW as well as a sign-up sheet for volunteers to help with setting up and taking down.

If you can't make it to the Monthly Meeting to sign up, contact Walt Huresky at 732-996-3899 or at wehuresky@gmail.com.

Deadline to sign up for the Clinic is March 22nd.

The Fish of the Month for February is Redfish. Let's get out & catch 'em!

Do you know how or where to recycle your used monofilament or fluorocarbon fishing line? How about how to prevent your fishing gear from negatively impacting wildlife and their habitat? You can learn all of this and more by visiting the newly updated Florida Fish and Wildlife Conservation Commission (FWC) Monofilament Recovery and Recycling Program's website at MRRP.MyFWC.com. Use this website to locate a monofilament recycling bin near you by using the new interactive recycling bin map; watch a video on how to make your own monofilament recycling bin; join an existing organized cleanup event or create your own; or learn about our many statewide and national partners.

Here's hoping for full weigh slip boxes next month. If you have any questions, please let me know...Rita

Editor's Note: As of now, I will not be publishing the Yearlong Standing in the *Chum Line*. Standing will be posted by Rita on our Members Only website at www.sportfishbase.com/members. If you have not yet registered, you will need to do so. Log on to the site and follow the prompts. You will need to use the name that is in our data base which is the name you gave on your membership application. If you are having any problem registering, contact Hank Alper at hankalper@gmail.com. Ellen

QUICK TIPS SEMINAR: This month our Quick Tips Seminar speaker will be Club member and Director, Peter Bessette. He will be speaking about our Fish of the Month, which is Spotted Seatrout, and how to Catch them using both artificial and live bait, as well as where to go and how to target them! Peter Especially enjoys trout fishing at nighttime when you can see them jumping around under the lights. Peter Is also in charge of maintaining the Club's Facebook page!

GUEST SPEAKER: Andy Block has once again stepped up to share his knowledge and love of fishing with Club members. It seems that Andy can do anything - surf fishing, kayak and boat fishing - and catches fish however he fishes. Check out some of the photos from past fishing tournaments. Along come Andy and his fishing buddy, Norm, carrying a cooler of beautiful fish. This month Andy is going to give us some insight into how to catch Redfish. You know, the fish with the spots on them. That is what this month's free Club tournament is all about, "Count the Spots" Tournament. It's one of my favorite tournaments because you don't need to catch the heaviest fish to win a prize. When you go out fishing this time and catch a legal Redfish, count the spots on it. You could be a winner as in the past, say with as few as five spots! Andy has been a FSC Director since 2013 and has given much of his time and effort to the Club as has his wife Jodie who has served up some awesome food at many of the Club tournaments Andy has run. Along with being a FSC Director, Andy is very much involved in the Friends of Gamble Rogers State Park (FROGRS) and has taught surf fishing classes there. We are very fortunate to have Andy on our team and thank him for all he brings to the Club. Ellen

Club Meeting Minutes 02-06-18

7:00 PM Quick Tips – speaker was Chuck Radloff.

He demonstrated the finer arts of correctly throwing a cast net.

Meeting Called to order at 7:30 PM by President, Chuck Gleichmann

Pledge of Allegiance: presented by Pat Gleichmann

Passing of January Minutes: Minutes of January 2, 2018 meeting were passed, motion was made by Dean Roberts and seconded by Diana MacDonald.

Treasurer's Report: Gary Fisher said that Tim will go over the Sheepshead Tournament later in the meeting. Gary mentioned that his wife, Marcia, was very happy that they came in 1st place in the January Chili Cookoff. Gary said that Dana was handling the membership renewal forms at the front desk earlier and she would be available at the break for anyone who wished to renew their memberships early. He took a straw vote of the members present to see if anyone was interested in being able to pay online with a credit card or through pay pal. Most members seemed to be agreeable to being able to pay these ways for 2019. He said that our bank account is in good shape.

Welcome Visitors/New Members: We had 15 guests/new members at tonight's meeting.

Announcements: Chuck Gleichmann said there is a Saltwater Forum being held in Daytona Speedway with dinner and cocktails afterwards at Bass Pro Shops, he has tickets to be raffled off. Fishing Management HR200 is going through congress-contact your congressman-it is a big advancement.

Weigh Master Report & member fishing reports:

Rita told us that the member clinic will be on 3/24 at the Hammock Community Center. There will be a flyer in your March Chum Line with the details. Rita said there were two different handouts at the front table, one is for the final results for the 2017 yearlong tournaments and the second one is for the current standings for the 2018 year. Current Lady Angler is Carol Webb, current for Yearlong is Aby Moghanaki. She said as of the 1st of the month, each month on our website, the standings will be updated. The full standings are not in the Chum Line, but go to the website to get the most current standings and you can get updated copies at the meetings. Winner for Fish of the Month for January was John Muller with a 5.3 lb Sheepshead. He won a \$50.00 gift card. Reminder for next month, the Fish of the Month will be a Redfish. Rita said she has not received many weigh in slips this month and that A1A Seafoods is our newest weigh station, also Bings now has weigh slips. A1A Seafoods is closed on Mondays, their hours are 9 AM – 5 PM and they can weigh the fish outside the shop. For the Ormond anglers, Backwater Bait is still closed we are awaiting word of new owners and when it will reopen.

If you are in Ormond, you can call Pat or Chuck Gleichmann and they can meet you at Backwater Baits and weigh your fish for you. Rita also told us if you go on the FWC website, you can find out where you can recycle any monofilament you may need to get rid of.

OLD BUSINESS

Holiday Party Update: Ellen Scheurer told us that originally in our 2018 Club Calendar, the date for the holiday party was Dec. 8, but it has now been changed to Dec. 1st and that this year's party will be a different venue. Dana Syens will be the chairperson for this year's party with a committee consisting of Ellen Scheurer, Redempta Burek, Patricia Gleichmann and Carol Walker. This will be a buffet set up with carving stations appetizers and dessert. Nothing is finalized yet, it will be finalized this Thursday, Feb. 08, 2018. The new location of the party and details will be published in the Chum Line. Ellen mentioned that when you go fishing, send her pictures of your catch and she can post them to our website and use them for next year's calendar. It should be a good resolution picture. She mentioned that the yearlong standings will not be as current, so go to the members only website. Rita or Hank Alper's input should be more current on there.

Sheepshead Tournament: Tim Miller chaired this event and he told us that it was a good tournament on a chilly day. Forty six people signed up for the tournament but only six people actually weighed in fish and four spots that were not filled, he had to draw show up tickets to award those prizes. So, people that never even fished that day got a prize for just being at the weigh in. It was a great turnout, a good tournament with good food.

NEW BUSINESS:

Annual Sponsors: Bill May said that we lost two of our annual sponsors but we gained a few more. At the back table, he will put out a sponsor list and it will also be posted in the Chum Line. One new sponsor is the A1A Fisheries, if you don't catch a fish, you can buy one there and they have a bait shop that is second to none. Aloha Marine is also a new sponsor for us. He is getting gift certificates from our sponsors that will be for store merchandise. If anyone knows anyone who would like to be a sponsor or if you have a business yourself and you would like to become a sponsor, please speak to Bill about it.

Elections: Chuck Gleichmann said that there is one officer position that is up for election this year and that is the office of Treasurer, currently being held by Gary Fisher. If anyone is interested in this position or you would like to recommend someone, please speak to Bill May about it. Some of the many advantages of being an officer or director are free club dues for the year and a free yellow shirt.

Red and Black Tournament: Norm Manley is chairing this tournament and he told us it will be held on Feb. 24th. The flyer for this tournament is in your Feb. edition of the Chum Line. Fishing starts at 7 AM, no check outs, weigh in will be at Bings Landing from 2-3 PM. Raffle items will be a Penn Battle 2 rod and reel, and a Bass Pro cast net. Please sign up for this tournament at the back table and even if not fishing, we need to know if you will be at weigh in to determine amount of food to supply. Norm also mentioned to be aware of the county you are fishing in, if you fish in Volusia county, you can only have 1 redfish, in Flagler County, you can have 2 redfish.

Any Other New Business: Rita told us that Feb. 1st was the beginning of Snook season. The size limit is 28" – 32". Chuck Gleichmann said that Friday, April 27th is the Captain's meeting and April 28th is the 22nd Annual Spring Classic Tournament. There will be only one pay tournament this year and this is the one. We need to work hard to earn money for our benefactor in this tournament. Volunteers are needed to get sponsors for this tournament. Our charity this year, is for the Disabled American Veterans. We are working on getting Beach Front Grill to hold the Captain's meeting and Hidden Treasure for the weigh in location. Let Chuck Radloff or Mike Crotts know if you are interested in helping out at this event. There will be a sign up, volunteer sheet at the April meeting.

10 Minute Break

Guest Speaker: George Hanns, former County Commissioner, speaking on Artificial Reefs and their Importance on Local Fish Populations. George told us that \$25,000.00 in grant money helped create the first of fourteen artificial reefs that are now located in Flagler County. One of the reefs is named Big George after an old fisherman from the area. In 2004, George Hanns had a reef named after him and the covered bridge at Princess Place is also named after him for all of the work he has done in our county. He said that once the reef is developed, some contain 100 tons of concrete and bridge debris, it only takes about two weeks for the fish to start coming around it. If you go

online to flaglercounty.org or look up the Flagler County Artificial Reef Program, you can find out more info on this. He also said that Grady Prather helped find live bottoms and gave the coordinates for the reefs. The road going into Herschel King is named for Grady. He then turned the meeting over to our other two guest speakers.

Guest Speakers: Lt. Steve Zukowsky and Officer Michael Graves from the Florida Fish and Wildlife Conservation Commission. Steve began the session by describing that they were in existence in 1999 and that they are state police, some of the officers are federally deputized and some also have customs duties. They are considered to be "Critter Cops" and handle primarily saltwater and boating laws plus waterfowl or hunting enforcement laws. But that fishing and boating are their primary duties. Officer Mike Graves has been in law enforcement for 3 years now and is from the Tallahassee area, he has been a wildlife biologist, has a background in hunting and is on the coastal squad now. He told us that they are state officers and they go where they are needed, he was involved in helping out in Hurricane Harvey in Texas. They are very concerned with safety issues and if there is a child not in a seat belt, they are able to stop the car to address that issue. Lt. Steve and Officer Mike held a question and answer part to their session and addressed such questions as licenses and the requirements for them, non-residents need a license to fish here. They stressed boater education, which will help to make other boaters aware of courtesy on the water. If you have a problem with another boater, they said the best thing to do is to video tape what is happening or get a pic of their boat numbers and if you see any violation of fishing or boating laws, to try and videotape the event and notify them with your concerns. They said there should be no crab traps in the channels and to report on any you see, so they can investigate it. Officer Mike told us of four arrests he made of anglers taking advantage of the cold weather to gig and cast net snook.

50/50 Winner: \$178.00 to Carol Carter
Meeting adjourned at 9:30 PM

The Black and Red Tournament held on February 24, 2018 was perfect. Perfect weather and perfect Tournament turnout at Bings Landing for the weigh in.

Great turnout at the Black & Red Tournament at Bings Landing on February 24th. It was a beautiful day on the water and a lot of fish were brought to the weigh in.

**Black & Red Tournament
February 24, 2018**

Andy Block brought in this beauty, just under placing in the tournament.

Bill Moore fished solo this tournament b/c daughter **Carol Webb** was sick.
Nice solo Bill!!!!

Chuck Durkee caught these two really nice Redfish. Very nice!

Ryan Lukaszewski with daughter **Amelia**, our Junior Angler, holding (?) two beautiful Redfish.

Johnny Johns (L) and **David Genk (R)** brought in quite a catch. David took 4th with his 6 lb. 1 oz. Redfish.

Lots of Redfish were brought to the weigh in like **Pat Gleichmann's** with 2 spots.

Treasurer **Gary Fisher** brought this beautiful Red to the weigh in. Very nice!

Tournament Chairman **Norm Manley** had time to bring in this beautiful Red.

The **Black & Red** Tournament was a huge success. Thank you **Norm & Peg Manley**.

Steven Hirko took First Place with this 7 lb. 5 oz. Redfish

Tim Miller was the big winner taking 2nd with his Black Drum and 9 lb 15 oz overall weight with his Red.

Roy Lawson with his 2nd Place Red at 7 lb 1 oz and **Diana MacDonald** with her 3rd Place 6 lb 2 oz Red.
