## FROM THE HELM

**April 2018**

**By Captain Chuck Gleichmann, President**

On April 27<sup>th</sup> and 28<sup>th</sup> we will hold our 22<sup>nd</sup> Spring Classic Tournament benefiting **Disabled American Veterans**. This is one of the events we run to “give back to the community” and we need all hands on deck to raise some money for the DAV. They are a great organization that returns 100% of the funds raised to the local community. That being said, tournament directors Chuck Radloff and Bill May need help securing raffle and silent auction items, distributing posters and flyers, selling chances and 50/50 plus any one of any of the other 50 things that needs to get done before and during the tournament. If you can’t volunteer take advantage of the member discount and fish the event. Please see Chuck or Bill to get signed up and help push us over the top.

Next up this month are nominations of officers since we have two completing their terms this year. Our treasurer takes care of all of the money management via Quick Books, does membership renewals and a host of other financial tasks. Qualifications, include an accounting or financial management background, Quick Books understanding and at least one year as a paid up club member. Our Quartermaster is responsible for all of our logistics, food, beverage, raffle items and club logoed apparel. He is the guy that makes sure you don’t get junk items in the raffle and quality clothing to wear. Qualifications include willingness to go out and shop for us, find the latest and greatest, manage all of the items, keep an inventory and stay under budget. He or she must also have been a member for at least a year. Finally, beyond the election of new officers we are on the hunt for a couple of more directors at large. We need some more people power to run all of the events we have on the calendar and work with existing directors to lighten their load.

Qualifications include wanting to contribute to the club’s success, love what we do and want to help make it better. No other prior experience is required.

Remember, this is your club and our members decide how successful we are going to be by their participation.

See you all on the water!

Chuck

Capt. Jim Britton

Well, it will not be long and all of the talk will be about our nearshore Cobia bite! These big bruisers should be following the Manta Rays (currently in Brevard County) north just as soon as our water warms up a little more. When these fish arrive, we will see everything from 10-foot jon boats to 30 + foot offshore vessels chasing them. On busy days remember to be courteous – too many boats chasing the same ray will ensure that nobody gets a good chance to hook up. If you see another angler stalking a ray, stay back and keep alert, chances are another ray will come into the picture shortly. Artificial baits like large topwaters or plastic eels, and large swimbaits should make for a productive day. If bait is more your thing – try pogies, mullet, shrimp, blue crabs, or even a large mud minnow.

Inshore anglers can expect a steady diet of redfish, trout, and flounder now that spring has arrived. Fish deeper holes and creeks on an

outgoing tide with shrimp, mullet, or your favorite artificial jig. Follow the fish onto the flats on the incoming tides and target your favorite shoreline or oyster bars with these same baits as well.

Offshore captains will be productive with trolling spreads, dolphin show up in numbers at the start of spring. Skirted and naked ballyhoo have been the bait of choice. A few large wahoo are still being caught, as well.

In the surf (much like the cobia) pompano are starting to show up in good numbers just to the south of Flagler County. Therefore, it should not be long and these delectable treats will be making their way north also. Shrimp, sand fleas, clams, and even jigs tipped with Fish Bites will all work well for an invitation to dinner! Surfcasters can also look forward to Spanish mackerel and large blue fish showing up in April. These fish are a lot of fun to target with Gotcha plugs, silver spoons or topwater plugs. Remember to use a heavier leader to prevent these toothy creatures from cutting you off.

### **10 Minute Break**

**Guest Speaker: Andy Block-Subject: Redfish**  
 Chuck Gleichmann introduced Andy as an excellent Redfisherman, he wins tournaments, is very meticulous, he catches fish and for us to take notes, he will teach you a lot. Andy is wearing the new mike system to help all the members hear him. Andy told us to follow the rules, the size for a slot redfish is 18"-27". The way to measure is with the mouth closed and to squeeze the tail. In Volusia County south, you can only keep one redfish, in Flagler County north, you can keep two redfish. High Bridge is in Volusia County. The upcoming tournament is a Count the Spots, so weigh in any redfish you catch, because 2 spots can win. You can fish in the flats, pier, in a boat or on the Intercoastal from land. Be stealthy-try to keep all noise to a minimum. Andy fishes in an aluminum boat, it is light, easy fixable and you don't have to wash and wax it as often as a fiberglass boat. Boat mats- he tried putting down the interlocking mats but the glue didn't stick, so he got the biggest mat he could find at Tractor Supply and put it on top of the interlocking mat to make the floor area as noiseless as possible. Black paint is too hot, so he used cool

deck paint, like a tan color. A live well can be loud and redfish are easily spooked, so be super quiet. Use pool noodles around your live well, so the hatch noise won't vibrate in the water. He tries to lessen the noise of putting the rods into the holders by having 16 rod holders, so you don't have to make noise walking around the boat. Use a stick in the flats, no music when fishing, even a trolling motor makes noise. If you see mud stirred up in the water, it means you scared a redfish, so you have to be in super stealth mode, pole up to a fish, instead of motoring up to it. Make a plan before you go out and know the winds, scope the place out, get there early and settle into the spot, depending on the conditions and if there may be other fishermen around you, you may have to change your plans at any time. Mute all cell phones, no dogs allowed, only stuffed ones! The question was asked, "Can a Garmin spook fish?" so Andy said to turn off the sound. Get your bait the night before, you can try hanging it in a bucket keeping it hidden if possible or use a fish tank aerator. If you go out 2 weeks before your tournament, the conditions should be close to identical to the day of your tournament. The further you can cast, the better, for tackle he uses a 7-7 1/2 foot rod with a Shimano reel, try to stay as far away from the fish as possible when casting out. If you tie monofilament on the line, your cast will hit that knot and shorten your cast. At the end of the day, rinse your rod and reel with a mist and release the drag. Braid line will get you further out. In the flats over oysters, he uses 30# fluorocarbon leader 18 to 20 inches, avoid the knot being behind the eye of the rod. For bait he uses cut up mullet, sand fleas, crabs and fiddler crabs. When using crab make sure the fish are there, otherwise the pinfish and others will eat your crab. You can use frozen crab, if they were frozen live. He uses top water artificial bait in calm waters. Stainless lasts longer for top water lures with single hooks. His favorite lure is a single hook, gold spoon, put a ring first and a swivel on the front. Soft baits with jigheads, paddle tails are good over oyster beds, hook the jighead up using different colors and scents.

**50/50 Winner:** \$185.00 went to a guest at the meeting, Mike LaQue  
 Meeting adjourned at 9:17 PM

### COUNT THE SPOTS TOURNAMENT by Peter Bessette

This year's Count the Spots Tournament was run by Peter Bessette on Saturday, March 17th. Approximately 50 people had signed up to fish with 44 people showing up at the weigh-in. Coincidentally, it was also St. Patrick's Day and everyone wanted to keep all the luck for themselves! It turned out to be a beautiful day for fishing and eating corned beef sandwiches. Winners were as follows: 1<sup>st</sup> place: Chuck Dykes with 20 spots, 2<sup>nd</sup> place: Daniel St. Hilaire with 4 spots, 3<sup>rd</sup> place: Johnny Johns with 3 spots, 4<sup>th</sup> place: Amelia Lukaszewski with 3 spots, 5<sup>th</sup> place: ML Lopez with 3 spots, and 6<sup>th</sup> place: Ryan Lukaszewski with 2 spots. The largest redfish by weight went to Bill Moore with his fish weighing in at 6 lb. 2 oz. Congratulations to all the winners! Thank you to everyone who helped make the day a success!
