FROM THE HELM September 2018

You can't pick up a paper, watch TV or check Facebook without finding some "expert" talking about Florida water quality. Our beautiful state, its waterways and its fisheries, are in big trouble. It's taken a long time to get to this point and it will take a long time, if ever, to fix it, but we must step up now! In conversations with State DEP officials they have nowhere near the necessary resources or money to fix this, nor do they have a solution. Elected officials need to stop pointing fingers and take action. While the club takes no political position, please make sure you understand your candidate's position on water quality before you cast your vote in November. You can also contribute to any one of the activist organizations or lobbying groups working on this issue as well. It's going to take a ton of money to fix this and we need to motivate our elected officials to stop talking and start doing. We cannot sit idly by and let this happen to our state, so get involved.

On a related front there is grass roots movement afoot to reduce some game fish bag limits, specifically redfish and trout. Our own fishery continues to decline from so many factors we need to voluntarily work towards a solution before NOAA just closes it like they did to the red snapper. The proposal as I know it now is not unreasonable, at one red fish per person, per day and 4 trout per person per day. If we don't police ourselves, someone else will. There will be a lot more to come on these topics, so stay tuned.

September Fishing Forecast

Capt. Jim Britton
Saltytalesfishingcharters.com

Fall is finally here! As the heat index finally drops away from 100 degrees, the month of September provides two noticeable events which will influence inshore and surf fishing-the fall mullet run and flood tides.

As the mullet run begins, anglers will find bluefish and spanish mackerel in the inlets and following the large schools in the surf. Target these toothy fish with a well constructed artificial, such as a Gotcha plug or a suspending Mirrolure. A live mullet on a fish finder rig, fished from the pier or in a beach run out, will be the key to landing nice sized flounder and redfish. Pompano can still be found in the surf, as well, using sand fleas or a small piece of Fishbites artificial bait.

The fall mullet run will get many species of fish stirring in the river also. Jack crevalle, ladyfish, bluefish, tarpon, and trout will all be found chasing the mullet schools

traveling the ICW. Target these fish with a suspending hard bait, soft plastic jerkbaits, or a gold spoon. But for me, the start of fall means flood tide fishing! Consult your tide charts to find the days with the highest high tides. On these days, plan to search your favorite grass bank for tailing redfish. During the flood tides redfish and sheepshead will move up into the grass and feed on the snails that are on the grass blades. Bring your wading shoes as anchoring the boat and walking out may be the best approach (remember to do the "stingray shuffle"). Target these fish with a live shrimp, your favorite fly pattern, or a small artificial crab.

Offshore anglers should enjoy a more active bottom bite this month. Grouper will move onto the shallower wrecks and reefs (70 to 90 feet). Triggerfish, black sea bass, and even the occasional lionfish should be available also. Remember when anchored up to free line a live sardine to entice cobia and amberjack that will be lurking around these same areas. Sailfish can be targeted by trolling skirt and ballyhoo combos throughout September as well.

September Meeting Speaker:

Spencer Brogan has called Jacksonville his home for all his thirty-eight years. He came by saltwater fishing quite naturally as his father was a commercial fisherman going to sea on the Snapper Boats at the peak of that fishery. Steve started fishing at age four and at age eleven he started building his reputation as a "pier rat" on the Jacksonville Beach pier fishing alongside such notables as Larry "Fishman" Finch. An all around angler, Spencer considers pier fishing to be his favorite venue to pursue his passion. When work and fatherhood afford him some discretionary time he can be found hanging over the rail at the JAX Beach pier lowering crab baits along the pilings toward waiting Sheepshead, which is his favorite species. He has won many Sheepshead tournaments and is willing to share his knowledge with his Flagler County counterparts.

NEW AND OLD MEMBERS CLINIC AUGUST 2018

By Walt Huresky

On August 11, we held our second 2018 Clinic at the Hammock Community Center featuring seven presenters and seventy-seven members and non-members in attendance. The program started with Chuck Radloff demonstrating cast net techniques followed by Bill May who covered marketing objectives. Captain Miguel Pandich spoke about how to fish from a kayak, equipment and safety. Tim Miller spoke about how our weigh-in rules apply, then went on to discuss successful pier fishing. Tides and phases of the moon, which impact our fishing, was featured by Club President, Captain Chuck Gleichmann. Rounding out the program was a demonstration of how and what to use for surf casting by Captain Jeff Rafter. Lastly, Captain Mike Vickers spoke (from his boat) in detail about fishing the flats and Intracoastal waterway.

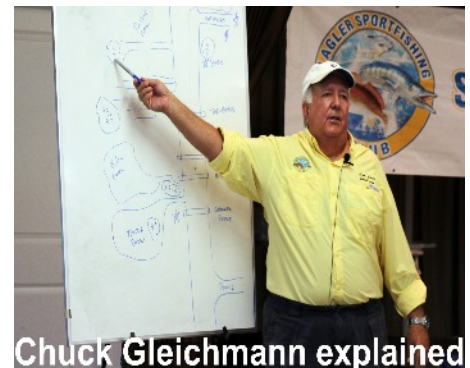

Four new members joined the Club, and many compliments were paid about the high level of competency of each presenter. Many thanks to Jim and Lita Gilmore, Peter Bessette, Carol Carter, Rick Lay, Ellen Scheurer, and Pat Gleichmann for their help in making this happen. The Engel Live Bait/Dry Box Cooler was won by new member Frank Arambula, and the \$100.00 50/50 was won by Dennis Xander.

Carol Carter did a great job signing in attendees. Thanks!

The shady pavillion was perfect for the outside presentations.

Chuck Gleichmann explained how to predict tides from nearby tide stations..

Chuck Radloff taught the group how to throw a cast net.

Capt. Vickers explained the benefits of a circle hook.

Walt Huresky ran another great New and Old Members Clinic.

Club Meeting Minutes 08-07-18

7:00 PM Quick Tips–Speaker was Peter Bessette, Topic: Tactics for catching Speckled Trout, which will be the Fish of the Month for August.

Meeting Called to order at 7:30 PM by President Chuck Gleichmann

Pledge of Allegiance: Presented by Pat Gleichmann

Chuck Gleichmann announced that Peter did the Quick Tips tonight, Redfish Chuck Levi is here as our guest speaker and that Jonathan brought his boat in and they both will answer any questions you may have.

Treasurer's Report: Gary Fisher said that the club is doing good, we had a great Spring Classic, we are on track for income and the budget and that we all should participate in the upcoming Arnold Palmer Children's Hospital tournament. He said at the Overnight Tournament the spot for one of the Sheepshead fish was not filled and the prize was drawn from one of the show up tickets, so you need to go to the tournaments and participate in them. The bills are paid and there is money in the bank.

Welcome Visitors/New Members: We had 16 guests/new members at tonight's meeting.

Announcements: Chuck Gleichmann said that all the people that are here tonight should come to the Member's Clinic this weekend and learn a lot about fishing. As a club, he said, we did do two \$500.00 scholarships for high school students, but the Board of Education changed the requirements and wanted to do with the money, what they wanted to do. So, this year we gave \$1,000.00 check to the Whitney Labs for their Children's Clinic Program. Chuck G. said to see him at the break, there are still a few spots open for the 2019 Belize fishing trip. He told us that the weigh master, Rita Waddell, has arranged to have a tournament for the Red Snapper opening. Further info will be stated in her fishing report.

REPORTS:

Weigh Master Report & member fishing reports: Rita Waddell asked how the fishing has been and people said not too great. She said she has not picked up many weigh in sheets this month. Leaders in the Year Long Tournament for the Ladies are: Dana Syens-1st place, Lisa Moravec-2nd place, Stephanie Bachman-3rd place and Claire McIntire-4th place. Men's Leaders are: Tim Miller-1st place, Bruce Bachman Jr.-2nd place, Aby Moghanaki-3rd place and Bruce Bachman-4th place. There was no winner for last month's FOM, no Amberjack were weighed in. The Fish of the Month for August is Spotted Sea Trout. Rita said we will be having a bonus tournament for Red Snapper. The fishing has been opened for two weekends- August 10-12 and August 17-19. You can bring your fish to our regular weigh in stations, and fill out your tickets. The prizes will be: 1st-\$100.00, 2nd-\$80.00, 3rd-\$70.00 and 4th-\$50.00 for the heaviest weighed fish and you can only win one prize per person. FWC regulations will apply and the earliest weighed in fish wins in case of a tie. Make sure your date and time of weigh in is on your slip. Guests will be charged \$20.00 to fish in this tournament. Contact Rita before the

tournament dates and Good Luck to all. Rita will be chairing the October picnic and she needs a co-chair for it, let her know if you can help her with it. Rita said it is already August and the club elections will be held next May. She plans on stepping down in her position of Weigh master and would like to have a side kick now that she can show the ropes to and mentor in the job. If you would like to be our next Weigh master, step up now, so you can learn from her. Chris Christian said he sent out an email blast and to please check your spam mail in case you did not receive it.

Old Business:

Kids Clinic – Chuck G. introduced Capt. Mike Vickers and said this is the 9th year that Mike has run the clinic and that this one has been the best one ever. Capt. Mike told us that we had 240 kids this year, we received 260 rods & tackle boxes to give out and he had 20 left. The FWC asked how many people we had that attended in all and the kids with the parents count came to 600 people, with over 40 volunteers. Mike said this was his last year to run the clinic, he gave the contact information to Chuck G. and he said we have to submit the applications for the rods in January 2019. The dates have been set for next year. If anyone wants to run this clinic for the club, see Chuck G. Capt. Mike said we gave the kids a hot dog, water, a knapsack, a rod & reel, tackle box and bait to fish with. Chuck G., thanked our sponsors for their donations and asked that we please use our sponsors and buy from them.

Over Night Tournament: Tim Miller told us the tournament was held on 7/27 & 7/28 from 6 PM and the weigh in was from 10-11 AM; 47 people showed up at the weigh-in, there was a 6 lb redfish and a 4 lb trout weighed in. There were only 10 winners and the slot for 2nd place Sheepshead was not filled, so a show up ticket was used to give out that prize. There was good food, and good company. Today is Tim's birthday and he couldn't resist by wearing his good luck "fish" shoes. Chuck G. said we run an annual tournament for our members and it is like running the NFL draft. You can win a club jacket for the yearlong, we also run a number of free tournaments and we have one annual pay tournament. On Saturday, Aug. 11th, we will explain all of this if you come to the Members Clinic. We also have a fall pay tournament coming up that we are partnering up with Walmart and the Children's Miracle Network to provide donations for the Arnold Palmer Children's Hospital.

Children's Miracle Network: Chuck Gleichmann introduced Mike Baldwin, his wife, Janet, is the manager at the Palm Coast Walmart, she is out of town tonight, so he will be telling us about the tournament progress so far. He said his wife became the manager of our Palm Coast Walmart about 1 year and a half ago and she wants to do a better job this year with raising funds, so they decided to run a fishing tournament. Mike and Janet contacted Chuck G. to get advice on doing a tournament and now we have partnered with them to help run it. The redfish tournament will hold the Capts. meeting on Friday, Sept. 14th at 6 PM at Hidden Treasure under the 100 bridge, fishing will begin on Saturday, Sept. 15th from 7 AM – 3 PM, check out points Bings Landing, Herschel King Park or SR100 under the bridge. Prizes are based on having 100

participants. Fee is \$60.00 per angler, \$5.00 discount for club members, veterans and first responders. See flyer or poster for other info. Prizes include 2 coolers of joy, one of the coolers, will have a special ticket that is given only to the anglers who bring in live redfish and release them. Mike still needs monetary sponsors, so please help them to get more sponsors if you can. At the Sept. meeting, volunteer lists will be put out and we also need volunteers to check out the boats on Sat. morning. Entry forms are available on our website to fish this tournament.

NEW BUSINESS:

New Members Clinic: Walt Huresky, told us that he has had 70 new members sign up this year. The member's clinic will be held on Aug. 11th from 8 AM-12:30 PM at Hammock Community Center. There will be coffee, donuts, juice, ice tea and water. There will be seven speakers to help you learn how to cast net and catch your bait, how to surf fish, fish from a kayak, how important our sponsors are to the club and benefits of being a club member, pier fishing, tides and moon phases, and how to fish the Intracoastal and the flats. Volunteer sheets are at the back table if you want to help at the clinic.

Kayak 2 Tournament: This tournament is co-chaired by Bill May, Miguel Pandich and Tim Loftus. Tim L. told us it will be held on 8/25 from 6 AM and weigh in will be at Bings Landing from 2:30-3:30 PM. This is a free club tournament, cost will be \$20.00 for non-members and 8/22 will be the deadline to sign up, you can call Tim at (386) 283-7353. Tim is the manager of our Palm Coast West Marine store and he announced that if we show our club membership card on Friday-Sunday, Aug. 10-12, we can get 10% off at West Marine. Come to the weigh in and see the great fish brought in, buy some raffle or 50/50 tickets and win a prize and receive a free show up ticket.

Any Other New Business:

Chuck G. announced that Roy Lawson & Diana MacDonald, two of our directors, have relocated to Jacksonville and have left the board of directors. We will be looking to fill their spots on the board. Consider being a director, benefits are immeasurable and you also get free dues and a great yellow shirt to include in your wardrobe. Jeff Rafter announced he will be holding a ladies surf clinic on October 27 at Betty Steflik Preserve, ages for any children will be 13 and up. More details will be announced at the monthly meeting and a flyer will be in the Chum Line.

Break for 10 minutes.

Guest Speaker: "Redfish Chuck Levi"

Chuck said he does a lot of fishing in remote areas. He frequented Brevard County, to fish in the Banana River, Indian River and Mosquito Lagoon, but right now because of the brown algae, it is not a good place to go. He said this algae has devastated the fishing in these areas. There are petitions online and to sign them to help clean up these areas. He said the fish are not edible in places where sewer waste has been dumped. He was told by a Marine Biologist if you have a cut on your finger and have been fishing in these waters, seek

medical help immediately. He has been outside of these areas to fish, he went to Louisiana and he said you can just about smack a fish in the face with the bait for them to take it. He said he cuts a 9 foot leader down to 4 foot and that in some areas presentation doesn't matter and that the fishing there is first class. Fishing further back in some areas, the fish have never seen baits or poppers. He passed around his case with his fly selections in it. He told us he would watch Walker Chronicles on TV as a kid, it was a great fishing show and when he was ten years old, his grandfather got him his first fly fishing rod. He also fishes with a spin rod, he said when spin casting if a ¼ oz jighead is too heavy, use a top water jig. He uses 1/16 to a 1/8 oz shadtail jighead or a Slayer SST standard 3.0 weedless hook or a 4.0 with 1/16 to 1/18 jig head. He uses a 7 ft or 7.6 foot rod with medium action with 10 lb braid, adjust the leader accordingly. The more water you can cover the better, find an area with oyster beds or bridge pilings. Flounder are pack feeders. Ambush feeders are trout and flounder. With spinning tackle, use something to attract an ambush feeder. If the fish can't see or smell the bait, use a spoon or vibration bait to get their attention. He likes Slayer Inc for vibration in soft plastics. If you are using flies in dirty or muddy water, put a rattle in it. Some fish have certain areas and they stay in those spots, don't be fishing in the sun after 11 AM, it is too hot. Fish have a digestion issue at high noon. Fish till 9:30 AM and plan to be done by 11-11:30 AM. Redfish don't usually go after top water baits, you can use a tacky weight, it is soft and made by Storm. Put the tacky weight on a circle or J hook and put it on the back of it, don't use a treble hook. Trout may miss the top water bait 7-8 times before they finally take it. At this time of the year, it is more the fin fish diet than crabs and shrimp-everything slows down and the fish aren't as aggressive in the summertime. In the winter they don't want to exert energy either, they go to the shallow water. Commotion and motion are the only ways to go. Jerk shad will pop in the water, you can do live baiting or throw chunks of bait out. Use finger mullet, hook them in the lip on a popping cork and the fish will be attracted to it. Fish early for summertime fishing, use buffs, sunscreen and hydrate yourself. He has really enjoyed Destination Fishing in Las Boozas, Panama, looking for Roosterfish and Sailfish, they used vertical jigs and the fish will hit the line like a freight train. In a kayak, he caught a Rooster Fish and it gave him quite a ride. They used bonita as bait and caught Cabara Snapper and Black Marlin. These trips are not as expensive as they used to be. Panama uses U.S. dollars, for a 7 day trip, 2 days of travel and 5 days of fishing with free food and all the beer you can drink the trip was \$1,800.00 not including airfare. He has been kayak fishing in the Bahamas at Freeport at the Old Bahama Bay resorts, cost was \$160.00-\$250.00 a night. It is do-it-yourself, no guides. The beaches are almost empty. On YouTube there are videos that show Robert Field fishing in Panama and it shows a man catching a blue marlin in a kayak.

Chuck Gleichmann gave out two club tournament shirts, winners were Danny Carter and Dale Baker. 50/50 winner of \$145.00 was Claire McIntire.

Meeting adjourned at 9:25 PM
