This is my first "From the Helm" as your President, and the first thing I want to do is thank Chuck Gleichmann for his service as President. He is a man who cares deeply for the members of our club and has worked hard every day improving on it. Chuck is guiding me through this new position and I look forward to leading the charge. As a club, we are slowly opening up but limited on the number of people we can host at any one time.

Our Annual Classic is coming up fast on August 22<sup>nd</sup> so we should all be registered for the tournament to benefit the Disabled American Veterans (DAV). Visit the Club Website or go here to register: <https://flaglersportfishing.com/event/annual-spring-classic/>

I hope you have had a chance to visit our Quick Tips series on YouTube, as we are getting pretty good at producing these videos thanks to Chuck Warren. Another new item to watch for, is the

Fish of the Month videos which are on Facebook, Instagram and YouTube. They are short but educational on the current fish of the month.

Last, but not least, is the CCA Star Scholarship program where a Flagler County student will win a \$5,000 scholarship sponsored by your club. Please go to this link <https://flaglersportfishing.com/ccayouth/> for detailed step-by-step instructions on how to register and enter fish to improve your chances of winning. It would be great to present the winning scholarship to a club member!

See you on the water,  
Chris Christian

# August Fishing Forecast

## Captain Jim Britton

[saltytalesfishingcharters.com](http://saltytalesfishingcharters.com)

With the dog days of summer approaching, I recommend anglers do the same thing many of us did when we were young: hit the beach! Whether in a boat, on the pier, or from the surf; fishing should be busy. From a boat, the targets will be tarpon, kingfish, sharks, and large jack crevalle. All of these species can be found behind the shrimp boats as they dump their by-catch. When the shrimp boats are not active just run the beach looking for poggy pods (there will be plenty to choose from). Once a pod is spotted, it will not take long to discover if there are fish underneath, so slowly approach and have live bait ready or use your favorite large artificial bait.

Anglers looking to get in on the action from the pier can also get shots at tarpon, kingfish, and sharks in August. Pompano, flounder, bluefish, and drum will be found around the pier and from the surf as well.

Offshore anglers will be targeting kingfish and an occasional wahoo by trolling over

wrecks and reefs. If the "smokers" are not around, drop an anchor to load up on black sea bass, snapper (so far this has been an excellent summer for mutton snapper), and grouper. Further out, dolphin and tuna will be found from 135 feet of water out to the ledge.

The inshore bite will remain much the same. Get out early and target redfish along grass banks at higher tides and along oyster bars or sand bars at the lower tides. Trout can be found along the banks of the ICW and under docks. Additionally, don't forget to target flounder in creek mouths or bends on an outgoing tide. For yet another way to beat the heat – give night fishing a try. Free-line a shrimp under dock lights for trout, or fish deeper for redfish and flounder.

# Weighmaster Report for August

Roy Cribb won the Fish of the Month for July with his 2 pound 15 ounce flounder. I will be contacting him to see which sponsor he would like to receive his gift certificate from.

August's Fish of the Month is Snapper. This is for all snapper **EXCEPT** red snapper. So this means you need to catch mangrove snapper inshore, or if you are going offshore maybe lane or vermillion or any of the other types.

If you ever have a problem weighing in at one of our weigh stations, you can call me and come by my home if I am available.

**NOTICE** - The overall species Leaders and Full Point Standings are updated at the end of each month on our website <http://sportfishbase.com/members/> and in the latest Chum Line publication delivered by e-mail.

Thanks for everyone's support, and if you have any questions, please let me know. Chuck Radloff - Weighmaster - (386) 569-1584

# RED SNAPPER TOURNAMENT

Fortunately this year we were blessed with 4 pretty good days of weather to fish for red snapper.

We had 19 red snappers weighed in for the tournament, but I believe many more were caught and not weighed-in. So all in all we had a pretty good tournament.

Since no sign-up was required, it is unknown how many people actually fished the tournament.

## A Note from the Editor

Fellow club members,

I write this with some sadness, as I have decided to no longer continue with The Chum Line. While I have enjoyed doing this, and have learned a lot, there are many things happening in my personal life that I need to focus on. I have met so many of you since beginning this and I've appreciated all the feedback and kindness I've received. I hope you have been pleased with the changes that came about, as I felt it was great seeing it come to life in a new way! If there's ever anything I can do, please let me know. Keep fishing and enjoy the good times on the water!
