FLAGLER SPORTFISHING CLUB

From the Helm

by Chris Christian

December, 2020

I hope everyone had a great Thanksgiving with your family as the weather was incredible. Big football weekend in my house as the Annual Auburn vs Alabama game happens this time every year. Alabama won of course. The year is winding down for the Club but we have

distributed Christmas Come True Vouchers to many giving members. See page 8 of the Chum Line to find out where to turn these gifts in. We are planning on having a **Fish Fry at Herschel King Park** on December 12th from 12-3pm. We will have great Raffle Prizes and a Cooler of Joy to award a lucky person for the holidays. Did you know you can purchase your raffles ahead of time? See the website and click on the fish fry to purchase raffle tickets. Betty Christian and Dave Genk are coordinating efforts and will need some volunteers to help, so please

contact them if you can help. (Betty@inthecreek.com and dgenk@cfl.rr.com). See the website and the Chum Line for details and we need everyone to sign up on the web so we can judge how much fish to buy.

There is no Monthly Meeting for December as usual, but we will be back strong in January. Stay tune for details on the January Meeting which includes a Chili Cookoff. I want to wish everyone a Merry Christmas and Happy Holidays and let's send this year off for a good start to a new year.

Flounder and Redfish Tournament Results

We were able to enjoy a beautiful day of fishing after a week of Tropical Storms, skirting Hurricane ETA. We had a strong sign up for the Tournament with 95 anglers. We had great raffle prizes and 50/50 drawing—Bait Cooler, Costa Glasses, Fish Ruler, Yetti cup holder, JM Marine \$100 gift card and Show Up \$25 prize from Beach Front Grille. Our sponsor Hammock Bait and Tackle was in attendance and enjoyed the afternoon.

Special thanks to my partners who assisted throughout the day. Sandy Sheehan who thoughtfully brought cleaning supplies for cleaning all the tables and serving our lunch. Pat Gleichmann who always steps up and served our lunch. President, Chris Christian and Betty, who handed out the calendars for 2021 as well as having a membership information table. Carol Carter did an amazing job keeping track of all the anglers and signing them in. Thanks to our Weigh Master, Chuck Radloff for

always at the ready with his scale. Treasurer Darla Allison for distributing \$700 in prize money. Thanks to all who chipped in to make this a success and our 56 members who enjoyed the weigh in. Our delicious lunch sandwiches were from The Sub Base and Bagel Place on Old Kings Rd Palm Coast. Looking forward to next year's Tournament in January!

Tournament Chairman Report by Tim Miller

The last Free Club Tournament of 2020 was held November 14, 2020. This Redfish & Flounder Tournament was another success with members enjoying

good company and food at the Weigh-in. Thank you to Amy Beth Krisanda for running this tournament.

2021 will be a busy year for the club, with 12 Free Member Tournaments. Along with the Year Long Tournament, 2021 will see a Year Long Catch & Release Tournament and an Offshore Tournament. The club also plans on a Members Only Fall Classic. This will be a pay tournament for members only with higher payouts, like what is done for the Spring Classic. Use the link below to

November Weigh Master Report

by Chuck Radloff

Mark Heffley won the October Fish of The Month with his 4 pound 6 inch bluefish. He will receive a \$50 gift certificate from the annual sponsor of his choice.

The Fish of the Month for November was snook but no one has weighed in a legal snook as of the time I am writing this report. The slips for the last few days of November will not be collected until December.

December's Fish of the Month is whiting with a 11 inch minimum.

We are working to resolve this delay problem so in the future you will be directed in the Chum Line to go to our web site to get the latest standings.

Mark Heffley is leading the men's division of the Year Long Tournament with Paul Nettles a distant 2nd. Then Karen Dougherty is again leading the lady's division with ML Lopez in 2nd place.

You only have this month to get yourself into position to win one of the species awards in our Year Long Tournament.

You can now check the Year Long Standings online by going to Our web site and clicking on QUICK LOOK AT YEAR LONG and then logging in. Or you can go to the public site and under Home, Fishing select Quick Look at Year Long Standings.

If you ever have a problem weighing in at one of our weigh Stations you can call me and come by my home if I am available.

NOTICE - The overall species Leaders and Full Point Standings are updated at the end of each month on our website and in the latest Chum Line publication delivered by Email. Click [here](#) for easy login.

Thanks for everyone's support, and if you have any questions, please let me know. Chuck Radloff - Weighmaster - (386) 569-1584

December Fishing Report by Captain Jim Britton

Gather up your fiddler crabs, clams, oysters, or shrimp – December will be a great month for targeting large sheepshead. To

catch these “striped bandits” try fishing deeper areas with plenty of submerged structure (oysters, rocks, or anything else which encourages crustacean growth). Use a small stout live bait hook and just enough weight to hold your favorite bait on the bottom. Another tried and true tactic, for attracting sheepshead, is to pull your boat up to a bridge or dock and scrape the barnacles and other small crustaceans off the pilings. Once you have created a chum slick drop down a bait and be ready for the bite! Other inshore fair, in December, will be an increased number of sea trout and bluefish in the drop-offs along the Intracoastal Waterway. For these fish try free lining a shrimp along current breaks caused by a significant change in water depth. Also, check out your favorite flat for

sight fishing opportunities for schooling redfish and black drum.

In the surf, anglers can expect the whiting bite to continue. Also be on the look out for increased numbers of flounder, redfish, black drum and sheepshead. Sea Trout and their cousin, weakfish, will be caught using hard plastic baits as well.

Offshore anglers should take advantage of days with light winds to get out to the near shore wrecks or reefs to target amberjack, cobia, and triggerfish. Also if weather allows, traveling a little farther should produce some grouper in the 80 to 100 foot range. A trip to the ledge will still see anglers rewarded with wahoo, dolphin, and black fin tuna.

During this holiday season remember those less fortunate and help when and where you can by donating your time, money, or even just some kind words and a helping hand. Tight lines and hopefully everyone will fish their way into the new year!

Conservation and Regulation Update

by Captain Tim Jarvis

FWC has been busy over the past couple of weeks. Below are some changes currently in effect and a few upcoming changes.

Starting November 1st through December 31st, Spotted Sea Trout will be closed to recreational harvest. This change includes all state and federal waters from Palm Beach County through Volusia County.

Reminder, Spotted Seatrout as well as Red Drum and Snook also remain catch and release only through May 31, 2021. This effects all waters from Hernando/Pasco county line through Gordon Pass in Collier County.

Effective November 1st the recreational harvest for Hogfish will close. This closure includes all state and federal waters off the east coast of Florida and Florida Keys. Also included in this closure is Cape Sable on the Gulf side up thru the Atlantic coast.

Recreational bag limit for King Mackerel has increased to four fish per person per day through March 16th, 2021. This includes all Atlantic state and federal waters from Miami-Dade through Nassau counties. This change remains consistent with recent changes in Atlantic federal waters to address forgone fishing opportunities in the recreational community.

Reminder, Snook fishing closes December 15th through January 31st and June 1st through August 31st. Snook for keep should remain 28 – 32 (Slot) inches in total length.

Recreational limit is only 1 per day and zero for any captain for hire.

Ever wonder if you are holding a fish correctly? Here are some helpful tips to remember when bringing a fish out of water.

1. Any fish 40 inches and up should never be removed from the water.
2. Make sure your hands are wet. This is important when handling Seatrout, as they have a protective slim.
3. Ensure you hold the fish horizontally. You should hold the fish from underneath with 1 hand right behind the head and your other hand supporting the fish's stomach. If you hold a large fish vertically, you could damage their insides.
4. If you grab a fish by the mouth, do not apply a lot of pressure as you could damage the mouth (poke a hole in the lip) that could impact their ability to eat. Also watch to ensure your fingers do not enter the fish gill plate.

No Break

Special Speaker: Capt. Mike Vickers,

Jr. Topic: Reel Maintenance

Mike gave us the ins and outs of how to keep your reels maintained for the best results. The most important thing to do is to rinse your fishing rod and reel with a garden hose when you get home, all over. Do not soak the reel in a bucket if you get sand on it, the sand will go inside your reel mechanisms. Rinse them even if you did not use them. Your two number one enemies are Salt & Sand. Today's reels are not made like they use to be, we have plastics & roller bearings in today's reels. Maintenance is different between conventional and spinning reels. Bait runners are not an easy reel to maintain and it is not a simple reel. He prints out the schematics for each reel he will be working on, it helps so you will know what parts are involved. Many times when you open the reel, parts fly off and you need to know what part you may have lost. Tools he uses are – needle nose pliers, picks, crescent wrench, multitbit screw driver set, Q-Tips, small paintbrush & toothbrush, Penn wrench (this is a specialty tool), box cutter, star or small Phillips head screws-you can find these tools at a hardware store. Also WD40 penetrating oil for rusty stuff & WD40 lubricating gel, Penn grease and 3 in 1 oil on conventional reels. Mike passed around many parts to the reels, so we could see what they looked like. If you are looking for parts you can go to Mikesreelrepair.com. Question was asked about the cost of a reel repair and a cleaning @Hammock Bait & Tackle and he said \$25.00.

50/50 drawing tonight was won by Chuck Radloff – he donated his winnings to the VFW.

Meeting was adjourned at 9:00 PM
