## FLAGLER SPORTFISHING CLUB

### From the Helm

by Chris Christian

#### February 2021

Wow is all I can say about the start of 2021. Activity is way up in fishing and we had over 75 people sign up for our first Sheepshead Tournament. It was an ugly day, but many fish were turned at the weigh in. Over 65 people showed up to enjoy some sausage, peppers, meatballs, and onions. In addition, 15 Fish were turned in to the Catch, Photo, and Release (CPR) system Saturday alone. Over 60 entries have been submitted to the CPR system which has been extremely popular with our members. Remember to get a Club Bump Board and, before you throw

that fish back, take a picture of it on the board and submit to the system. Click [here](#) for all the details of CPR.

The February Tournament will be the Black and Red Tournament and is always immensely popular. The Annual Classic for this year is in the planning stages and if you would like to volunteer to help, please contact me and I will steer you in the right direction.

Its Member Renewal time, so be on the lookout some time this month for an email to renew. Renew early and receive a \$5 discount and as always you can renew online. Click [here](#) to renew

your membership.

Another reminder is this is a great time to get your boat and trailer into maintenance before everyone else thinks about it in the spring. We have multiple sponsors who can help with this; Big Boys Play Toys, Boaters Exchange, and JM Marine. Give them a call and set up an appointment to get your boat ready for the year.

**We have some more Quick Tips Videos for your education and enjoyment so check the Chum Line for links or visit our channel on YouTube by clicking [here](#).**

### January 23rd Sheepshead Tournament

The Sheepshead Tournament was held January 23, 2021. There were 76 members and guests

registered for the first free tournament of the New Year with an estimated 65 people attending the Saturday weigh-in. Attendees enjoyed great sausage and meatball sandwiches with delicious sides of potato and macaroni salads with chips thanks to Chef Frank Meekins.

A thank you goes out to Sil and Claude Mancini for selling raffle tickets and Ron Gorney & Dwayne Martin who sold \$320 worth of 50/50 tickets. More thanks are in order to Carol Carter and Betty Christian for handling registration and membership duties as well as Darla Allison for check writing and other Treasurer functions. Our Weighmaster, Chuck Radloff, as always did a stellar job as did our photographer, Bill Anderson. THANKS to all our volunteers including those not mentioned. We love you.

This tournament allowed for 10 people to weigh in fish for a total fish payout of \$700. Click [here](#) for weigh-in winners.

## Recipe of the Month: Smoked Pan Seared Scallops from Chris Christian

1. Get large sea scallops—U10 or 1 pound of the largest you can find. Feeds 2

2. In an iron skillet, chop up 4

slices of bacon and cook until done. Remove the bacon and leave the grease

3. Add 2 tbsp. Olive Oil and 1/4 stick real butter and 3 oz of Makers Mark or some other whiskey

4. Add the scallops and let cook for about 3 minutes on each side. The picture above shows over cooked scallops, do when they start to crack, take them off the heat

5. Remove scallops and pour a little juice from the pan, sprinkle the cooked

bacon and some freshly grated parmesan cheese over the scallops.

### Prepare the smoker for cooking

1. using a Kamado type smoker, fill with natural charcoal and use an electric starter or fire cubes to light.

2. Pick the wood for smoke (Peach, Apple, Hickory, Cherry) and place on top of the lit fire.

3. Heat the smoker to 400-450 degrees and place your iron skillet on your indirect plate.

4. Once the skillet has heated up, get started with step 2 above.

Note: I cook my steak and while it is resting, I cook the scallops

The new CPR tournament is off to a great start. Members have already photographed and released over 50 fish. Get your club bump board and start entering your fish for a chance at great prizes at the end of the year.

Our next tournament will be the Black & Red Tournament on February 20, 2021. See

flyer included in this issue with all the information. With \$700.00 in prize money, this is an opportunity to win money to cover your 2021 dues. Use the link below to see all the events for 2021 so you can plan your year with your Fishing Club.

## January Weigh Master Report

by Chuck Radloff

The January Fish of The Month was black drum, and the winner will be announced at the monthly meeting.

The Fish of the Month for December was whiting, and Tim Miller won.

The weigh slips will be collected on the 1<sup>st</sup> or 2<sup>nd</sup> day of each month from now on so the website will be up to date through the end of the month by the time of our meeting.

February's Fish of the Month is Sheepshead.

Mark Heffley has won the men's division of the Year Long Tournament with Karen Dougherty winning the lady's division. Each of them will receive a trophy and free membership for 2021 along with a jacket, shirt or gift card.

The standings for the Year Long Tournament will be finalized as of the February meeting unless no one comes up with any objections. Most of the award selections have been made and the apparel orders will go in soon with the presentations to be made at the March meeting.

You can now check the Year Long Standings online by going to Our web site and clicking on QUICK LOOK AT YEAR LONG and then logging in. Or you can go to the public site and under Home, Fishing select Quick Look at Year Long Standings.

Our exciting new CPR (catch, photo, release) tournament is underway with some of you already submitting entries. I am hoping to have more of our official bump boards available at the February meeting.

If you ever have a problem weighing in at one of our weigh stations, you can call me and come by my home if I am available.

**NOTICE** - The overall species Leaders and Full Point Standings are updated at the end of each month on our website and in the latest Chum Line publication delivered by Email. Click [here](#) for easy login.

Thanks for everyone's support, and if you have any questions, please let me know. Chuck Radloff – Weighmaster - (386) 569-1584

### BOAT FOR SALE—REDUCED

## February Fishing Report by Captain Jim Britton

As far as the inshore fishing goes, the trout bite keeps getting better. Try fishing deep holes on an outgoing tide by jigging with

just enough weight to reach the bottom but not "hold" the bottom. Artificial baits, live baits, and fresh dead baits will all work with this technique. For the redfish (enjoy the clear water while we have it!), try sight fishing your favorite flat (a midafternoon outgoing tide will provide the warmest water opportunities). Just like hunting – stealth is essential! For the inshore slam, you can also target nice sized flounder this month. My favorite flounder bait is a red ¼ ounce jighead with a mud minnow. Flounder is an ambush predator; therefore target them by slowly dragging the minnow through holes or around structure.

In the surf, bluefish are eating anything thrown near them! Hard plastic baits, any shiny metal with a hook attached, or live or dead bait – as long as it is moving they will check it out. Black drum and whiting will also be available by fishing shrimp or cut bait on the bottom. Local pier fishermen will want to fish the structure with sand fleas or fiddler crabs to take advantage of the sheepshead and black drum population while the water temperatures are still low.

Offshore anglers will want to take advantage of any days where the wind is not howling. The rewards for making it to the ledge will be large wahoo! Fast trolling dark lure combinations including black, red, and purple should allow for a full fish box. On the bottom, anglers can expect to find big schools of large trigger fish and some large cobia on the wrecks and reefs.

### Conservation Time!

Have you heard of MRRP? MRRP is the Monofilament Recovery and Recycling Program. This program is a statewide effort to educate the public on the consequences of monofilament line left in the environment. The program has 3 goals:

Bring awareness to the negative impacts that fishing line has on human welfare, marine life, and water quality.

Decrease fishing line entering and remaining in a natural environment.

Increase fishing line being recycled.

As a Captain with the amount of time I spend on the water, I am consistently retrieving fishing line from trees, oyster bars, and around pilings. There have been a few times, I have had assisted birds and turtles with the removal of fishing line.

Ways to prevent fishing line being left in the water.

Do not leave fishing rods with line in the water unattended, especially for our folks that live on the water. Boats that run close to the docks can catch the lines in the propeller, the line then becomes cut, and all of the spooled line remains in the water. Turtles and birds can be caught in this line, if not retrieved.

Be on the lookout for fishing line recycle bins at all of your favorite boat ramps. As you are out on the water and find some stranded fishing line, you know now of a great way to dispose of the fishing line! Capt. Tim Jarvis—[threeagoonfishingcharters.com](http://threeagoonfishingcharters.com)
