THE CHUM LINE

FROM THE HELM – SEPTEMBER 2022
BY CAPT. ADAM MORLEY

Are you feeling hot, hot, hot?

Not everyone enjoys the mid day heat of summer. Even on the water where temperatures tend to be cooler, the mixture of sun and salt can be exhausting. But like most conditions; learn to dress accordingly and you can have a comfortable and productive day of fishing while others seek shelter from the midday sun. Here are a few tips to beat the heat that I use when it gets “too hot” for others.

This first tip is counterintuitive to most people; cover up with long sleeves and long pants. Cover as much skin as you can with lightweight sun clothing and sun masks (think of how people survive in the desert, they don’t strip down. They cover up). I have been using Patagonia shirts and pants for over a decade on the water and am a huge fan but there are other options out there too. Another option we have that folks in the desert don’t typically have is access to fresh water.

For a midday trip, I like to douse myself with a hose making sure my clothes are soaked, I call it the Angler’s AC. If it’s going to be a long trip I might fill a couple half gallon jugs with fresh water to pour over myself if I start to dry out. I never use saltwater to “cool down” as it tends to be more uncomfortable as it dries and has a dehydrating effect.

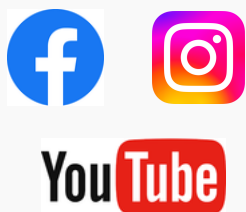

That brings us to the next important tip, stay hydrated! Well all know beer and fishing is a popular match, but beer is also dehydrating so if you’re looking for a productive and comfortable day of fishing save the beer for after the trip when you’re telling your fish stories. Bring plenty of drinking water and/or Gatorade to stay hydrated.

Now that you’re prepared for the heat, let’s talk fishin’. I love me some midday top water action, I know it’s not popular, but some of my best catches recently have come when most anglers are seeking shelter from the heat of the day. I look for higher tides and moving water around thinned out marsh grass and submerged oyster bars. But most importantly, I look for “life”. I don’t know how to explain it, but you should “sense” activity in the area you are fishing and if you don’t then move somewhere else. You want to hear and see bait fish and “nervous water” moving through your spot, not so much hanging out in one place and leisurely jumping.

FROM THE HELM, CONTINUED

You want them scared and every so often you want to see a school break the surface as they “run” for their lives. This is when and where I’m throwing a top water lure. Lately I’ve been throwing, and absolutely falling in love with the Kiss My Fish “Creeper”. My second choice and historically favorite is the Mirro-Lure “Top Dog Jr.” But I only use top water when I have at least 18-20 inches of water. If it’s a low tide I’m throwing a FishBites “Dirty Boxer” on a light jig head and getting as shallow as I can. It’s not unusual to find upper slot Red Fish with their backs clear out of the water as they gorge on small shrimp this time of year.

No such thing as too shallow, just the wrong spot or wrong time. If you’re interested in hearing more about summer time fishing, top water fishing, or skinny water fishing stop by Genung’s Fish Camp and pick our brains. You could say we are very shallow minded and like it hot and wet this time of year.

TOURNAMENT CHAIRMAN REPORT BY TIM MILLER

Despite the August heat, members got out for some Flounder fishing during the August 27, 2022, Flounder Tournament. Thank you goes out to Tom Juliano and his crew for making this a successful event!

September will see a Pier Tournament along with the Member Classic Tournament. The Pier Tournament will be at the Flagler Pier on September 10th. The club will pay entry fee for members to keep this a free tournament for our members. See flyer in this issue for more information.

The Member Classic Tournament will be held September 24th. This Tournament gives members a chance to win more prize money than our normal member free tournaments. While there is a cost of \$25.00 per member, paid in advance, prize money of \$3000.00 is up for the taking. See flyer in this issue for more information.

The yearlong CPR tournament is going strong. So far, twelve members have released 150 fish. Get your club bump board and start entering your fish for a chance at great prizes at the end of the year.

You only need to upload one released fish to be entered into the prize drawings. Then every five fish after that will get you more entries. With ten winners just one fish has a good chance to win a prize.

Thank you to all the volunteers that helped with club tournaments. Without this help the club would not be able to provide these momentous events. Be sure to sign up to run one of these club tournaments or as a helper. This is fantastic way to get involved and meet your club members.

**September Fish of
the Month is
Red Fish!**

August's Fish of The Month was any Snapper other than Red Snapper. The winner will be announced at this next meeting.

September's Fish of the month is Redfish. I would encourage you to only keep one redfish in an effort to rebuild this species in Flagler County also or weigh it in and release the fish. The CPR (catch, photo, release) tournament is continuing with quite a few entries submitted already. Remember just one entry gets you into the drawing at the end of the year. We have a good supply of our official bump boards available to buy for \$20. If you ever have a problem weighing in at one of our weigh stations, you can call me and come by my home, if I am available.

NOTICE - The overall species Leaders and Full Point Standings are updated at the end of each month on our website: <https://flaglersportfishing.com/> by clicking on Quick Look At Year Long, and in the latest Chum Line publication delivered by Email.

Thanks for everyone's support, and if you have any questions, please let me know.

SEPTEMBER FISHING REPORT BY CAPTAIN TIM JARVIS

September can be a tricky month because you don't know if it will be hot or cold. It is also the start to the fall tides and mullet run.

Inshore tarpon fishing can still be good in September in the canals, creeks, and ICW. Pitch a freelined shrimp, mullet, pinfish or shrimp under a cork. Top water jerk baits with no weight and mirrOdine lures also work well. First light top water action on the flats and ICW has been good. Fish the banks for Redfish, Trout, Jack and Snook. There should be some good flood tides this month for tailing redfish in the grass. I like to throw weedless baits. Also try the grass edges with a popping cork and shrimp at high tide.

Capt. Tim Jarvis—timjar963@gmail.com

Snook season starts September 1st, you must have a snook permit to keep one of these fish and they have to be 28 – 32 inches with pinched tail. Try the bridges, inlet, canals for these fish. For lures try bucktail jigs and swimbaits. Live baiters can use shrimp, mullet, pinfish and croakers. Offshore bottom fishing can be good this month in about 80-100 feet of water. If you are looking for Snapper and Grouper, use 50-60 pound leader with any live or cut bait with a 4/0- 5/0 circle hook. Try a freelined bait while you are fishing the bottom for the occasional Cobia, Mutton Snapper, Kingfish or Amberjack anchor up current from the structure you're fishing. Slow troll naked Ballyhoo with 80-pound mono in 80-200 feet of water for kingfish and maybe some sailfish if we get a cold front.

Surf and Pier, September can be a good month fishing from the pier and surf due to the Mullet run. Use a Mullet on a knocker rig for Bluefish, Redfish and Flounder. Try throwing spoons, Gotcha Plugs and Yo Zuri plugs for Spanish Mackerel and Bluefish. Pompano fishing can also be good this month use Pompano jigs or a Pompano rig with sandfleas or shrimp. Big Tarpon should still be around in the beginning of September, try floating out a pogie or mullet on a balloon for these fun hard fighting fish.

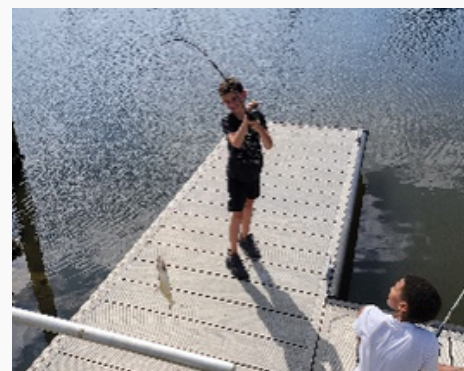

Good luck & be safe!

Bunnell Elementary School Fishing Program August 26, 2022

Bunnell Elementary School had received a Flagler Sportfishing Club 'kids4reel' donation of \$825 in May 2022 to fund an academic year's worth of monthly fishing excursions for qualified youths. FSC 'kids4reel' financial donations were made by many FSC members including: *Bill Moore, Deb Marinco, Dave Genk, Jeff Murphy, J. Ginnela, Howard Creese and Tom Fiorentino.*

In addition, many FSC members donated 'slightly used' rods/reels which are used during these youth fishing excursions.

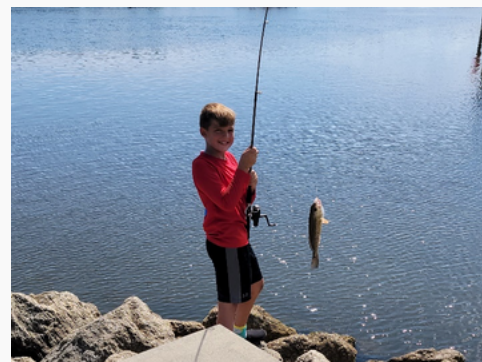

A big THANK YOU to all of our contributors!! Rest assured, your kindness is paying off – just look at the photos of the student fishing excursion on Friday, August 26, 2022!

Bunnell ES Science/Math Teacher, aka Coach, Tom Westly and Dean, aka Coach, Rob Kendall selected ten 5th graders to learn how to fish for a full day of fun at Herschel King Park. They were joined by FSC members, Betty and Chris Christian, as well as Jeff Murphy, who brought lunch for all.

The junior anglers had a blast; learned a ton; and may have gained a passion that will last a lifetime. Many caught fish for the very first time. The tally included some beautiful redfish, flounder, mangrove snapper, catfish and more! Look at the smiles on the kids' faces – amazing!

'kids4reel' also donated some Flagler Sportfishing Club shirts for the 'coaches,' which were really appreciated. The Junior Anglers were educated about fishing, the habitat, safety, conservation and ethical practices.
