

FLAGLER SPORTFISHING CLUB THE CHUM LINE

FROM THE HELM - BY CAPTAIN ADAM MORLEY

Greetings, fellow anglers of the Flagler Sportfishing Club!

As we gear up for an exciting month of July, I wanted to share some insights and tips on the joys of night fishing during this time of the year. Additionally, with the much-anticipated July 4th celebrations just around the corner, I'll shed some light on how you can make the most of your fishing experience during this festive time. So, grab your gear and let's dive into the world of nighttime angling!

July Nights: Perfect for Night Fishing

July brings warm temperatures and longer days, making night fishing a welcome relief from the scorching sun. The cooler hours after sunset offer a serene and peaceful environment that attracts various game fish species, presenting a unique angling opportunity. Whether you're targeting snook, tarpon, redfish, or trout, the cover of darkness allows these elusive creatures to venture closer to the shorelines, bridges, and docks, creating thrilling encounters for night anglers.

The Nighttime Beauty of July 4th

July 4th, Independence Day, is not only a time for fireworks and festivities but also an excellent opportunity to enjoy some fantastic night fishing. Many anglers prefer to combine their love for fishing with the holiday spirit, casting their lines as the fireworks light up the night sky.

FROM THE HELM CONTINUED

Picture yourself on your favorite fishing spot, surrounded by the crackling sounds of fireworks and the calm waters beneath you. It's a magical experience that adds an extra layer of excitement to your angling adventure.

Tips for Successful July Night Fishing:

1. Embrace the Darkness: When night fishing, rely on your other senses and trust your instincts. The darkness may seem intimidating at first, but with time, you'll become attuned to the subtle sounds and movements of the water, enhancing your fishing experience.
2. Plan Your Location: Research and scout for prime night fishing locations in advance. Areas with structure, such as jetties, bridges, or docks, are known to attract fish seeking shelter and feeding opportunities under the cover of darkness.
3. Choose the Right Gear: Equip yourself with the appropriate gear for night fishing. A headlamp or flashlight with a red filter can provide ample illumination without startling the fish. Additionally, ensure you have reliable navigation tools, such as GPS or a chartplotter, to safely navigate the water in the dark.
4. Experiment with Baits and Lures: Nighttime fishing often calls for a different approach when it comes to bait selection. Opt for baitfish imitations, such as soft plastic jerkbaits or topwater lures, to mimic the movements of disoriented prey. Live shrimp or cut bait can also prove effective in enticing hungry predators.
5. Be Mindful of Safety: Safety should always be a top priority. Ensure that your boat is properly equipped with life jackets, signaling devices, and a working radio. It's also wise to inform someone about your fishing plans, including your intended fishing location and expected return time.

Remember, fishing under the moonlit sky offers a chance to connect with nature, escape the summer heat, and create unforgettable memories with friends and family. As July approaches, I encourage you to seize the opportunity to embark on your own night fishing adventure. Be prepared, stay safe, and relish the thrill of the chase under the stars! Wishing you tight lines and a memorable July filled with fishing success!

Tight Lines,

TOURNAMENT CHAIRMAN REPORT BY TIM MILLER

Tim Miller
tdtmiller@yahoo.com

Well, it is already July and the Club has had five free tournaments so far. Hopefully, you got a chance to fish one or more of these. If not, we still have four more free tournaments this year.

In case you missed it, we had our Teams Tournament on June 17th. This was another successful tournament, thanks to Tournament Chair, Andy Block. Members also enjoyed a quality meal thanks to the efforts of Jodie van Gal.

The Club Bottom Trip was again cancelled due to poor sea conditions. This club event is now rescheduled for September 16th.

July will see our Overnight Tournament on July 21-22. This tournament gives you a chance to fish and beat the summer heat. You do not have to fish all night. You can fish Friday Evening, Saturday Morning, or any time between 6:00 PM Friday to 10:00 AM Saturday. See flyer in this issue for more information.

July will also see a Red Snapper Tournament. This Tournament is free to club members for the 2-day Atlantic Red Snapper season. If you get out July 14th or 15th, get your fish weighed at one of our weigh stations and maybe win some prize money.

The CPR tournament is in full swing. Get your club bump board and start entering your fish for a chance at great prizes at the end of the year. You only need to upload one released fish to be entered into the prize drawings. Then, for every 5 fish after that you will get you more entries.

I am looking for Tournament Chairs for the November Red, White & Blue Tournament.

Thank you to all the volunteers that helped with club tournaments! Without this help the club would not be able to provide these great events. Be sure to sign up as a helper for the next tournament.

CLUB TEAM TOURNAMENT RECAP

The day of the Team Tournament, June 17th, started out wet, with reports of participants waiting out the intermittent lightning in their cars. The rain and lightning may have interrupted their fishing, but it didn't stop folks from catching some outstanding fish and showing up for our weighmaster, Scott Robertson to weigh in. Of the 70 people that had signed up, 60 attended the weigh in. All of the 10 awards for prize money fish were awarded without any tickets needing to be drawn to fill open spots. Of special note was the 7 lb. 4 oz. redfish that Danny Carter weighed in ... way to go Danny!

We had 23 raffle prizes won, with some folks winning multiple prizes. New member Jeff Teitel, won the "Show up" \$25 gift card from Beach Front Grille. Lawson Glasergreen won the cast net donated by Deb Marinco. The 2 buffs were won by Aida Moghanaki and Buddy Devinney, the 10 waterproof phone protectors were won by Mark Heffley (2), Quinn Bui, Danny Carter, Roy Cribb, Jose (no last name on his ticket), Cookie Zimmer, Cathy Byrne, Chuck Radloff and Steve Hirko. The 3 nail aprons were won by Deb Marinco, Buddy Devinney and Roy Cribb. The 5 Boomerang line snips were won by Cookie Zimmer, Scott Donelenko, Steve Hirko, Ron Gorney and Bill Zimmer. The framed shrimp gyotaku print that I donated was won by Roy Cribb and the 'kids4reel' insulated cup, also donated by Deb Marinco, was won by Greg Zvierko. The 50/50 was \$80 and won by Carol Carter who also checked everyone in, gave out show up tickets and wrote down all of the winners names for the raffles.

Many thanks to Deb Marinco, our club treasurer for cutting checks and generously donating raffle prizes. Also big thanks to Mike Crofts, Ron Gorney, Mary Phillips and everyone else (that I foolishly forgot to write down) that volunteered to help. Thanks to my wife Jodie von Gal for doing all of the food shopping, organizing and making/serving the delicious grilled chicken and vegetable pasta salad.

Finally, if you are new to the club or a long time member that would like to connect with other club members, consider volunteering to run a tournament or volunteer to help out during the event. Tim Miller has put together a complete, easy to follow checklist that makes it a breeze. If you want to make new friends and/or get some new fishing buddies ... volunteer, it's the best way to meet people!

JULY WEIGH MASTER REPORT BY SCOTT ROBERTSON

Scott Robertson
Weigh Master
(407) 373-5994

June’s Fish of The Month was Kingfish and Dolphin. The winner will be announced at the July meeting.

July’s Fish of the Month is Flounder. Minimum size for Flounder is 14” with a bag limit of 5 fish. Denny Mondrach won May fish of the month with a 30lb 15oz Amberjack. Congratulations Denny!

June’s Fish of the Month is Kingfish and Dolphin. Minimum size for Kingfish is 24” with a bag limit of 2 fish. Minimum size for Dolphin is 20” with a bag limit of 5 fish. Tim Miller won April fish of the month with a 2lb 2oz Florida Pompano. Congratulations, Tim!

The CPR (catch, photo, release) tournament is rolling along nicely. You can see the standings for both the Yearlong and CPR tournaments by going to the club web page and clicking on Fishing, then Yearlong Club Standings. Remember just one CPR submission gets you into the CPR drawing at the end of the year. We have a good supply of our official bump boards available to buy for \$20. If you wish to use your own bump board, it needs to be approved by the club and a sticker attached to be legal.

July's Fish of the Month is Flounder

Don’t forget Largemouth Bass is now an eligible species for the CPR yearlong tournament. We have set a minimum size limit of 12”. I haven’t seen any Largemouth Bass submitted yet so all you freshwater folks need to get busy. Please note this is for the CPR tournament only.

A reminder for everyone fishing in our tournaments - all fish must comply with FWC rules. Fish brought to the weigh-in are required to be measured on the official club bump board before being weighed. Please take your fish to the bump board at the weigh table before putting it on the scale.

If you ever have a problem weighing in at one of our weigh stations, you can call me and come by my home, if I am available.

Yellow Dawg Bait Shop at Highbridge is now open and is an official weigh station. The boat ramps there are also open so give them a visit.

NOTICE - The overall species Leaders and Full Point Standings are updated at the end of each month on our website: <https://flaglersportfishing.com/> Then under Fishing click on YearLong Club Standings.

Thanks for everyone’s support, and if you have any questions, please let me know.

JULY FISHING REPORT

Chris, from Skinny Water Lures, says the fish bite has been on fire!

With the full moon approaching on the 3rd, look for the fish activity and feeding to ramp up. The moon phases definitely have a big impact on our fisheries because the moon will dictate our tides. When the water is moving, the fish feed well so the full moons really get waters moving and the bite is very good around this moon phases.

We find that the few days leading up to the full moon, or the few days behind the full moon, make for great day time fishing. If fishing on the day of the full moon, the daytime bite can be a little slower. Fish are able to feed all day and night when we have large full moons, casting plenty of light into the water allowing predators to be more active for longer periods of time. As the full moon approaches, the fish get excited and start taking advantage of the more powerful tides and more time to feed.

Once the full moon gets to full swing, the fish have been feeding hard for a few days and nights, and they seem to get more sluggish and less aggressive. On the backside of the moon, they get excited and hungry again like they know the moon phase is changing.

Take advantage of this increase in activity while you can on the front side of the weekend or the start of this coming weekend. Early morning topwater and late morning paddle tail action have produced good numbers of Redfish around oyster bars and deep drop offs. Good size flounder are being caught around pinch points and channel opening with moving water. Focus bouncing a jig head with a curly tail grub on the bottom. A stead jig head dragged across the bottom works as well.

Night time activity has picked up due to the hot days. Focus around well-lit docks with moving water. Plenty of redfish, trout and snook have been hanging around these areas at night.

Lastly, we want to take a moment to wish everyone a Happy Safe Independence Day. Take a moment to remember our military and first responders on this day.

'kids4reel' IN THE COMMUNITY

Another Flagler County Elementary School joins the 'kids4reel' team!

On June 26, 2023, Flagler Sportfishing Club 'kids4reel' proudly made a significant donation to the Rymfire Elementary School in a ceremony at the school. The donation was made to help support the school's brand new student fishing club initiated by school leadership.

The school program leaders indicated that the funds will be used to help pay for bait, tackle plus other gear and expenses. Science, safety, conservation, and fishing regulations will be emphasized to the students during fishing outings.

FSC members & others wishing to support this and other exciting 'kids4reel' projects can contact and/or use the below donation link:

JUNE MEETING MINUTES BY CAROL CARTER, SECRETARY**Club Meeting Minutes 06-06-2023**

Meeting was called to order by Club President, Adam Morley

Pledge of Allegiance – Presented by Ron Gorney

First Responders/Veterans/Active Duty

Welcome New Members/Visitors/Welcome Annual Sponsors – There were 6 members/guests at tonight's meeting. Sponsors present were Adam Morley from Genung's Fish Camp and Mike Vickers from Hammock Bait and Tackle.

Passing of May 02-2023 Minutes, Motion made by Tim Beebe and seconded by Peter Bessette. Minutes accepted.

Announcements:

DAV Donation: The Big Check for \$5,000.00 was presented to representatives of the DAV, Ernie Morris – Veterans senior officer, Bill May – Commander and Gary Fisher, Treasurer. Ernie expressed their gratitude for our donation as it helps keep their doors open. This money goes to the Disabled American Veterans in our area and it enables them to be driven to doctors appts, helps with their food, bills and other needs they have. Gary said they operate on donations and a year or so ago, the office almost had to close, they had to spend \$7,000.00 on a van but our donation at that time saved them. They all gave their thanks to our members for supporting them!

Reports:

Finance Report: Deb Marinco said the income for May was \$6,216.00, Expenses were \$1,646.77 and year to date income was \$27,714.41.

Weigh Master Report: Fish of the Month: Scott Robertson said, The Flagler Pier is closed so if you have fish to be weighed in, go to Big Al's or one of our other weigh stations. Largemouth Bass is now on the CPR list as eligible species, it must be 12" minimum. Current results on the Year Long Tournament sheet are on the back table, there is only one copy, so please look at it and leave it on the table for others to see. So far, there are 107 entries for the Year Long Tournament with 41 different anglers. Leader in the Men's Division is Tim Miller with 91 points. Cathy Sanders (The Fishing Girl) is the leader in the Ladies Division with 37 points. In the CPR tournament there are 232 pics from 23 anglers, Tim Miller is in 1st place and has entered 143 pics, Adam Morley is in 2nd place with 15 pics. The Fish of the Month for May was Amberjack, winner was Denny Mondrach with a 31.15 oz. one, he chose a gift card from Portugal Win & Bar as his prize.

**YouTube****MINUTES CONTINUED ON NEXT PAGE**

JUNE MEETING MINUTES CONTINUED

Tournament Director Report: Tim Miller said, last year he won the CPR Tournament and there were 10 winners last year that won by only submitting a pic of 1 fish they caught and released. You only need to submit 1 entry to be in the drawing and after that you need to submit 5. Use your phone to take the picture on one of our official Bump Boards or one of your own boards that has been certified by the club. The Surf 1 Trnmt. was held on May 20 th , the fish did not cooperate and the surf was weedy. There were winners in all prize categories though. It was a good tournament run by Deb and Jeff McGriff, good food was served by Frank Meekins and his crew, and very nice raffle prizes were won. Tim mentioned that the Bottom Trip was cancelled on May 13th and rescheduled for June 4th but because of the weather it has now been rescheduled for Sept. 16th . He will have the signups at our August 1st meeting. The Red Snapper tournament will be held this year on July 14th & July 15th. This has changed our dates for the Overnight Tournament to July 21st & 22nd – please add the Red Snapper dates to your club calendar and change the dates for the Overnight and Bottom trip on there also. On June 17th Andy Block will chair the Teams Tournament, the flyer for this tournament is in your June Chumline – see it for all details. Andy said the 2 person team can fish separately, but both anglers must come to the weigh in from 2-3 at Herschel King Park. Amy Krisanda announced that Sea Love Charters in St. Augustine will be taking out boats on July 14th & 15th for Red Snapper, \$160.00 a person from 6 AM – 2 PM.

Membership Report: Quinn Bui said we have 285 members and by the end of the meeting we may be up to a total of 290!

Kid's Fishing Clinic: Mike Vickers said this event will be on July 29th at Herschel King Park, it starts at 9 AM. He said he is in contact with people -Jeff Turner from the Flagler Sheriff's Dept will have a table to talk to people, there will be a cast net clinic, Kona Ice truck will also be there. This is a massive event with 200 plus kids attending, so he needs all hands on deck and many volunteers. Scott Robertson volunteered if his boss will give him the day off. Mike needs people to help with registration, to fish with the kids and show them how to fish, etc. Sign up to help anywhere you can.

Installation of Officers – Officers will be installed at the July 11th meeting. Announcements: July 11th meeting will be the Ice Cream Social. Frank Meekins can use a skillet if anyone has one.

Break

Guest Speaker: Mike Vickers – Subject – Reel Repair & Maintenance

Mike told us that your reel can get corrosion from the salt water and it can get sand in it, so it must be maintained. He passed around some reels that were frozen, and parts of the reels showing corrosion. When you return from a fishing trip always hose down your rod and reel, don't use the JET stream setting on your nozzle, just use the gentle spray setting. Hose it down from top to bottom and then turn the pole upside down and spray it that way also. The reel can become frozen, before you take a reel apart, don't turn the handles.

JUNE MEETING MINUTES CONTINUED

If you know how to take the reel apart and clean them it is ok, but if you don't know, the best thing to do is put the reel in a 5 gal. bucket of fresh water and bring it to Mike to evaluate it. Mike has reels from his grandfather that are 30+ years old and they are still functional. When people take their reels apart, they usually put way too much grease on them. You only need a small amount, grease can keep water out, but not salt and sand. Use the schematics for the reel model that you have, it can be very helpful. Fiber or friction washers need no grease, Teflon washers can get greased. You need tools to open and clean the reels, Mike showed us by video on the screen what tools he uses, when doing the cleaning on the reels, he uses various brushes, sometimes a toothbrush or paint brush. He also uses different degreasers, Purple Power or sometimes Mr. Clean in the Ultra Sonic Cleaner he uses. Some solutions can discolor the reel. He also said he doesn't use braid in the surf, he uses monofilament. In the river he uses only braid. It was a helpful and interesting subject.

We had 69 members in attendance tonight.

50/50 Drawing: Winner of \$100.00 was George Riano. Congrats!
